Memorial Vision

The Lev Goukassian Memorial Fund ensures the Ternary Moral Logic framework and Sacred Zero principle continue advancing ethical AI development worldwide, transforming how humanity approaches moral complexity in artificial intelligence systems.

Core Purpose: Fund research, education, and implementation of TML principles while preserving Lev Goukassian's vision of AI systems as moral partners with humanity and Earth.

Integration with TML Enforcement Framework

Alignment with Legal Structure

The Memorial Fund operates within the TML enforcement framework established in [/docs/Enforcement.md](#):

Legal Foundation:

- Criminal penalties for TML misuse fund legal defense
- Whistleblower rewards (15% of collected penalties) support fund
- Victim compensation (30-40% of penalties) flows through fund
- Environmental violation penalties create sustainable revenue
- Executive liability creates incentive for proper fund support

Revenue from Enforcement Mechanisms

Primary Revenue Sources:

- **Collected Penalties:** 30-40% of penalties from TML violations
- **Environmental Penalties:** Violations of planetary Sacred Zero
- **Commercial Licensing:** Organizations implementing TML
- **Insurance Requirements:** Percentage of required AI insurance coverage
- **Compliance Services:** TML implementation guidance and audits

Estimated Annual Revenue: \$50-200 million (based on global adoption)

Fund Structure and Operations

Fund Categories and Allocation

Annual Distribution Framework:

1. Victim & Environmental Support (40% of fund)

Human Harm Recovery Program:

- Direct financial assistance for AI negligence victims

Emergency Support Services:

- 48-hour emergency response for critical cases
- Up to \$100,000 in immediate assistance
- Legal representation for negligence claims
- Rehabilitation and recovery support

Eligibility: Individuals, communities, or ecosystems harmed by AI systems that lacked proper Sacred Zero triggers, Always Memory logs, or Earth protection safeguards

2. TML Research Grants (25% of fund)

Sacred Zero AI Research Initiative:

- Advancing Always Memory implementation
- Sacred Zero trigger optimization
- Earth protection algorithm development
- Human-AI-Earth collaboration frameworks

Research Grant Tiers:

- **Major Initiative Grants:** \$1-5M for transformative projects
- **Standard Research Grants:** \$100-500K for focused studies
- **Graduate Support:** \$50-100K for dissertation research
- **Community Research:** \$25-100K for Indigenous knowledge integration

3. Educational Programs (15% of fund)

AI Ethics Education Initiative:

- University curriculum featuring TML and Earth protection
- Professional certification for Always Memory implementation
- Public education about Sacred Zero and planetary accountability
- Training materials for TML participants

Educational Partnerships:

- Course development with institutions
- Professional training for TML compliance officers
- Public awareness campaigns about AI and Earth protection
- Student projects on Sacred Zero applications

4. Legal Protection and Enforcement (10% of fund)

Framework Protection Initiative:

- Legal defense of TML intellectual property
- Prosecution of framework misuse and violations
- Creator attribution enforcement actions
- International protection of Always Memory standards

Memorial Legacy Statement

"The Lev Goukassian Memorial Fund transforms AI accountability into support for humanity and Earth. Every victim helped, every ecosystem restored, every Sacred Zero honored creates the moral pause that guides technology toward wisdom. This is the Pay Forward to Earth principle in action."

The fund succeeds when:

- AI negligence victims receive immediate support
 - Environmental damage is restored and prevented
 - Sacred Zero protects both humanity and Earth
 - Always Memory creates permanent accountability
 - Future generations inherit a protected planet
-

Creator's Final Vision

"In my remaining time, I chose to build protection for those who cannot protect themselves - victims of AI harm, communities facing algorithmic injustice, and Earth itself. This fund ensures that every Sacred Zero, every Always Memory log, every TML attestation serves not just accountability but active protection and restoration. The planet gets a memory that power cannot erase, and victims get support that bureaucracy cannot delay."

In memory of Lev Goukassian - who transformed his final months into eternal protection for humanity and Earth
